

Special needs committee recognize that there are some alcoholics who face physical challenges on a daily basis. It is possible you have students (patients or clients), with a drinking problem who might benefit from A.A.'s program of recovery. We would welcome the opportunity to provide information about A.A. or about how our committee is available to try to help alcoholics have access to A.A. in our community regardless of Physical challenges.

Books in Braille

Audio Cassettes and CD-ROMs

Large print

American sign Language

Closed-captioned videos

Videos (Not Closed-Captioned)

Illustrated, easy-to-read literature

We can also take meeting to alcoholics who are hospitalized, homebound, hospice.

Online A.A

When anyone, anywhere, reaches out for help, I want the hand of A.A. always to be there. And for that: I am responsible
